

I am Rosalind Sheridan and I'm a co-opted governor. I joined the governing board at the end of 2018 but have just recently taken on the role of the named safeguarding governor. Prior to this I was the mental health and well-being governor and this area remains a keen interest of mine.

Outside of the school governor role I juggle my time between being a mum of two and working in the NHS. As a family we enjoy spending time with friends and our extended family, taking our golden retriever out for walks and we have become keen (warm weather) campers.
